

Motorcycle Whips

Old School Leather Bike Whips are very popular. We've feminized a version for women by using a snap with custom bling on the snap! All whips are braided around a nylon core to give them body and prevent them from slapping the rider. They are individually made from start to finish to your specifications. We offer a wide variety of colors and use only factory died, top quality cow hide.

They are available in a variety of sizes:

Floorboard Lengths: 25-30 inches

Regular Lengths: 31-36 inches

Longer Ape Lengths: 37-38 inches

Chose any 1, 2 or 3 color combination at no additional charge. Your choice of 3 clasps (panic clasp, scissor clasp or chrome or black snap)

We also offer key whips, Wallet Whips, and Floggers
